- Except as otherwise permitted, construction in the road right of way shall not commence until an application for a Permit has been made and such Permit granted. The Site Map submitted with this permit shall show the location of the proposed construction work with reference to centerline or right of way lines, curbs, sidewalks, and property addresses. A copy of the site map shall be provided with the Permit.
- The Owner and Contractor shall assume all liability for and save the road authority, its agents and employees, harmless from, any and all claims for damages, actions or causes of action arising out of the work to be done herein and the continuing uses by the applicant, including but not limited to the constructing, reconstructing, and maintaining any improvements under this permit.
- The Contractor hereby states that he/she is familiar with Appendix B of the Minnesota Manual on Uniform Traffic Control Devices and that he/she will comply with its requirements. The Contractor shall erect signs for any detours necessary after receiving approval from Castle Rock Township.
- The Owner or its contractor, may be required to furnish a deposit in a form required by and in favor of the road authority for any expense incurred in the repairing of damage to any portion of the right of way caused by work performed under this Permit, including any out of the ordinary engineering supervision and inspection expense. In those instances where a deposit is required, the amount shall be specified by the road authority. If a check is furnished as a deposit, any monies remaining after paying all such expense shall be returned to the applicant after the repairs are completed.
- It is expressly understood that this permit is conditioned upon full restoration of the right of way to its original condition or to a satisfactory condition. All restoration will be done by the applicants/contractors forces and will have to meet the requirements of the Township. The construction work shall be done in conformity with all applicable laws, regulations and codes covering said work, including applicable signage.
- The Permit as issued does not in any way imply an easement on public or private property. The permit does not convey any property rights within the right of way to the permittee. If the road right of way covered by this permit, needs to be used or changed, the Township or its assigns may remove, change, or destroy the improvements described in this permit without any obligation to the permittee or its assigns to restore the improvement or pay any damages.

NOTICE: Failure of the contractor to properly and completely repair disturbed property within 48 hours of completion of permitted work may result in enforcement by Castle Rock Township. In the event the Township must take action to enforce the terms of this permit, the applicant must reimburse the Township for any and all costs associated with the enforcement, including but not limited to reasonable attorneys' fees incurred by the Township as well as fees charged by outside professionals.

If approved, the Contractor shall carry and display this permit during his/her excavation work and present it immediately upon demand by any employee of Castle Rock Township.
